CLAIMS

- 1. An aqueous water- and oil-repellent dispersion comprising:
- a copolymer comprising a polymerizable compound having 5 (I) a perfluoroalkyl or perfluoroalkenyl group and an group, methacrylate group acrylate substituted acrylate group, a chlorine-containing and, optionally present, polymerizable compound, 10 another copolymerizable compound copolymerizable with the foregoing monomers, and
 - (II) a hydrochloric acid-trapping compound.
- 2. The aqueous water- and oil-repellent dispersion according to claim 1, wherein the hydrochloric acidtrapping compound is an epoxy compound, a weakly basic compound, or combination thereof.
- 3. The aqueous water- and oil-repellent dispersion according to claim 2, wherein the epoxy compound is an epoxidized vegetable oil.
 - 4. The aqueous water— and oil-repellent dispersion according to claim 3, wherein the epoxidized vegetable oil is an epoxidized soybean oil or an epoxidized linseed oil.

5. The aqueous water- and oil-repellent dispersion according to claim 2, wherein the weakly basic compound is a metal salt of an acid.

5

- 6. The aqueous water- and oil-repellent dispersion according to claim 2, wherein the weakly basic compound is sodium hydrogen carbonate or sodium carbonate.
- 7. The aqueous water— and oil-repellent dispersion according to claim 1, wherein the chlorine-containing polymerizable compound is vinyl chloride, vinylidene chloride, alpha-chloroacrylate or 3-chloro-2-hydroxypropyl methacrylate.

15

8. The aqueous water- and oil-repellent dispersion according to anyone of claims 1 to 7, wherein the aqueous dispersion also contains a surfactant which consists of a nonionic surfactant.

20

- 9. The aqueous water- and oil-repellent dispersion according to claim 8, wherein the nonionic surfactant is three surfactants having different HLB values.
- 25 10. A textile to which the aqueous dispersion according to

5

anyone of claim 1 to 9 is applied.

11. A method of processing a textile, which comprises using the aqueous dispersion according to anyone of claim 1 to 9.
